Aparna RollForm Quality Forming

ABOUT US

Founded in the year 1990, Aparna Enterprises Limited is a force to be reckoned with across several industries, such as RMC (ready-mix concrete), uPVC Window and Door Systems, uPVC Profiles, Tiles, Sanitary Ware & Kitchens, Metal Sections, Aluminium Window & Door Systems and Facades & Exteriors. Innovation and high-grade quality are what make Aparna what it is today. We have an excellent reputation among customers who keep coming back to us for all their needs.

At AEL, customer satisfaction continues to remain our top priority and the new advent of technology helps us accomplish the same with a greater degree of success. We constantly strive to reach new heights and set precedents across the industry. Today, we are acknowledged as an industry leader providing specifiers, contractors, and stakeholders with a range of high-quality products manufactured to the highest standards.

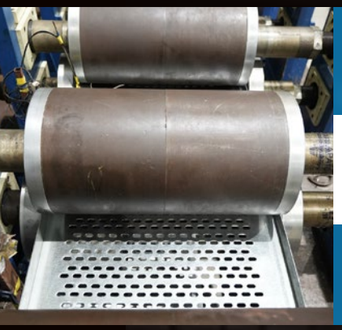
With reliability as our North Star over three decades, we are driven with the same passion and zest to keep elevating your lifestyle to a whole another level.

CORE PURPOSE

To provide quality roll-forming solutions for all your needs

CORE PRINCIPLES

- Committed To Quality
- Competitive Pricing
- Highly-Reputed Service
- 30 Years Of Experience



Aparna Rollform Technologies is a leading manufacturer of galvanized steel reinforcing sections for Upvc windows & doors, false ceiling channels & galvanized stainless steel, aluminium, powder-coated cable trays, raceways, gratings & solar structures.

The ISO 9001 Certified Aparna RMC has become the leading producer of ready-mix concrete in Southern & Western India over the past 17 years.

Aparna Vitero manufactures vitrified floor and wall tiles with consistent quality and uniformity in size, colour and design.

Aparna Venster brings you innovative and modern uPVC window and door designs that are ideal for your homes and other projects.

Alteza by Aparna-Craft manufactures bespoke aluminium window and door systems.

Aparna Unispace is dedicated to delivering unparalleled excellence in home solutions with our philosophy centring around three key pillars: luxury, international excellence, and convenience.

Aparna Craft transforms the look of your building with world-class façades & exterior designing through aesthetic architectural expression, flawless planning and execution expertise.

Aparna Ökotech focuses on producing the best-in-line uPVC profiles for hassle-free fabrication. It set out with a keen interest to begin an eco-friendly revolution in the uPVC industry and has been evolving ever since.

Aparna KWART offers smart modular solutions for kitchens and wardrobes of modern homes to create brighter homes that reflect more space and better aesthetics.

We, at Aparna Rollform, prioritise quality through our products. We have a very meticulous production process that ensures our products are free of corrosion, deliver superior surface finish, maintain uniformity from batch to batch and have consistent quality standards.

- Most competitive prices on the market
- Improved strength and automation
- Fast and efficient delivery times
- Excellent customer support service throughout the process

FALSE CEILING SECTIONS

Spruce up the aesthetics and transform the interiors of any space with our quality GI false ceiling sections. Our false ceiling products are sturdy and hold the plasterboards for years for longer functional life. Aparna False Ceiling sections come in a standard length of 3.66mtrs. Choose our false ceiling sections for timely delivery, competitive pricing and uncontested quality.

TYPES OF FALSE CEILING SECTIONS

- Ceiling sections
- Ceiling angles
- Perimeter
- Intermediate

STEEL REINFORCEMENTS FOR UPVC WINDOWS AND DOORS

The high strength-to-weight ratio and exceptional tolerances are what make our products so reliable. Our rollform products are corrosion-resistant, robust and stay good for years. Choose our cold roll-formed products for timely delivery, competitive pricing and uncontested quality.

CABLE MANAGEMENT SYSTEM

Simplify and neatly organize your large volumes of cables with our Cable Management System (CMS). They are easy to install and may be modified for height and length as per your requirements. Choose our cable trays and raceways for timely delivery, competitive pricing and uncontested quality. We manufacture cable trays with finishes of galvanised, hot dip galvanised, powder coated, aluminium and stainless steel.
